

## NOTICE TO ALL GENERAL INSURANCE DESIGNATED REPRESENTATIVES

In 2020, in response to industry requests, the General Insurance Council (GIC) undertook the development of study materials to align with the Level 1 General Insurance exams.

The Alberta Level 1 General Insurance Broker/Agent Licensing textbook was published and released to education course providers in early January 2021.

In consultation with educational providers, the GIC has approved the implementation of the new textbook and examinations effective May 17, 2021. In conjunction with this implementation, the rewrite rules will be reset. This means that students who have challenged the Level 1 exam prior to May 17, 2021 and were not successful will not be subject to a waiting period before being eligible to rewrite the exam.

The GIC and the Alberta Insurance Council (AIC) would like to thank all industry members for their participation and engagement throughout this process. If you have any questions, please contact the AIC at [exams@abcouncil.ab.ca](mailto:exams@abcouncil.ab.ca).

Janice Sabourin, Chair  
General Insurance Council
